Subject: Microsoft Settlement

The Microsoft case has gone on far too long and needs to be settled soon without negatively impacting Microsoft. Breaking up the company is a bad idea and should not be pursued nor should protracted legal action. Get this behind us with a process to insure review and monitoring of their actions so that they don't take undue advantage of their past success.

You have spent far too much of my money (tax dollars) on this case and I hope you go after the real bad guys.

Sincerely,

Russ Wood
